To Whom It May Concern,

We currently use Fastway Couriers for all of our local and domestic courier needs. We consider the working relationship with Fastway and Mr. Liam Kiely as a partnership and have been in partnership with Fastway Couriers for over 6 years.

I would strongly recommend Fastway Couriers for the following reasons; flexible, reliable, highly dependable, and cost-effective deliveries, dedicated and informed customer service representatives, an easy-to-use multifunction Internet-based order management system, as well as uniformed and courteous professional drivers.

We have used different couriers to make deliveries in the past, but they didn't meet the high standards set by Fastway Couriers.

If you require any further reference on our experience with Fastway Couriers, please contact me on 021-4819100.

Yours sincerely,

Wayne O'Connor
