To Whom it May Concern;

We have been using Fastway Couriers on a daily basis for the past five years to deliver our Oil Tanker parts all over the country.

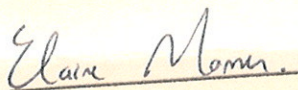

We have always found their service to be efficient and reliable, ensuring next day delivery to our customers.

Fastway have very competitive rates and we have found the new satchels that they recently introduced to be excellent value at €4.95 plus VAT for next day delivery to anywhere in the country.

The driver is always very accommodating when collecting and delivering our goods.

We would have no hesitation in recommending Fastway Couriers as a reliable service provider.

Regards,

Elaine Marren
